## GET READY FOR INTERSOLAR CHINA

In March 2011, the State Council announced a 5 GW national target by 2015 and possible long-term target of 20-30 GW by 2020. The country's renewables development plan stipulates a target of 10 GW by 2015 and 50 GW by 2020.

From December 7–9, 2011, Beijing takes center stage in the international solar industry. In total, 250 manufacturers, suppliers, distributors, utility and service companies gather to showcase technical innovations and the latest market trends.

China's international conference and exhibition impresses with a unique mixture of chinese and international topics about the solar industry. The event offers a quality not seen in any other Asian PV event before.

At Intersolar, our slogan is our guiding principle: Connecting Solar Business. This is what makes Intersolar China the ideal platform to forge quality contacts in both your local market – and internationally.

Start planning your visit today to be a part of Intersolar China!

## | TECHNOLOGY SEGMENTS AND PRODUCT GROUPS

### Photovoltaics

Cells, Modules, Thin Film, Inverters, Measurement and Control Technology, Chargers, Batteries, Cables, Connectors, Junction Boxes, Tracking Systems, Mounting Systems, Installation Aids, Building Integrated Solutions (BIPV), Stand Alone Systems, Consumer Products (Solar-Powered Lights, Toys), Wafers, Materials and Equipment

### Solar Thermal Technologies

Absorbers, Coatings, Collectors, Fittings, Expansion tanks, Deaerators, Heat Transfer Fluid, Measurement and Control Technology, Mounting Systems, Storage Tanks, Tracking Systems, Manufacturing Machinery and Equipment, Air Conditioning, Cooling, Building Integrated Solutions

### Others

Research and Development, Testing Institutes, Trade Publications, Publishers, Education, Training, Financing, Promotion, Organizations, Associations

## | TOP REASONS TO VISIT INTERSOLAR CHINA

- Meet the key players of the solar industry and continue to build your network in this strategic market.
- With an exclusive b2b focus, Intersolar is dedicated to connecting industry professionals within the most influential solar regions around the world.
- Utilize Intersolar's industry-renowned platform for networking and gathering information on the latest market developments, effective production methods, financing and planning.
- The exhibition provides unique, in-depth insights on current legislation regarding photovoltaics and solar thermal technologies in China.
- The 2011 Intersolar China Conference showcases the latest technology, manufacturing, markets, practical applications, finance and policy, through dynamic presentations.
- Get a free event directory with all important business contacts of the solar industry focusing on China.

## | ONLINE VISITOR SERVICE

### Are you looking for suppliers of a specific product?

Would you like to meet with companies from a particular country? Or would you like to discover where to find companies in your field of interest at Intersolar China ahead of the exhibition? Then make use of the online Exhibitor Index and plan your exhibition visit in advance!

## | WHO IS EXHIBITING AT INTERSOLAR CHINA?

- Go to → [www.intersolarchina.com](http://www.intersolarchina.com) → Visitor Service → Exhibitor Index
- You can choose from five different search criteria.
- The A–Z search provides a list of exhibitors sorted alphabetically.
- Select a product category. You will receive a list of all the exhibitors who carry this product.
- Search for exhibitors by hall. You will receive an overview of all exhibitors in the hall selected.
- Select a country. You will receive a list of all the exhibitors from this country.
- Enter a keyword. You will receive a list of all the companies whose names feature this keyword.

## | A SOURCE OF INSPIRATION: THE INTERSOLAR CHINA CONFERENCE

Held during the Intersolar China Exhibition, the Intersolar China Conference features a variety of themes and educational opportunities spread over 2 categories: photovoltaics, solar thermal technologies and concentrated solar thermal/solar thermal power plants. Intersolar expects over 500 visitors to attend this year's conference.

The conference program is designed to help you stay on top of the latest trends and developments in the global solar industry. Workshops and seminars address state-of-the-art technologies, international markets, financial issues and the impact of politics on the solar industry – to name just a few. Also in store for you: a special focus on photovoltaic cell and module production.

### Intersolar China Conference

Dates December 6–8, 2011

Venue InterContinental Hotel

## | EXHIBITION – QUICK FACTS

Dates	December 7–9, 2011
Hours	Wednesday, December 7 9:00am–5:00pm Thursday, December 8 9:00am–5:00pm Friday, December 9 9:00am–4:00pm
Venue	China National Convention Center (CNCC) No.7 Tianchen East Road, Chaoyang District, Beijing
Areas of Focus	Photovoltaics and Solar Thermal Technologies
Exhibitors	250 (expected)
Visitors	7,500+

## | MORE THAN AN EXHIBITION VISIT

Visitors to Intersolar China 2011 can find out about innovations within the international solar industry. A high quality exhibition and extensive conference program offer a unique opportunity for exchange with internationally leading experts, and allow visitors to follow current developments.

### EXHIBITION ACCOMPANYING PROGRAMS

- Innovation Exchange
- Intersolar AWARD 2011 – Hall of Fame
- VIP Lounge
- Networking Possibilities

## | GETTING TO INTERSOLAR CHINA

### From Beijing International Airport

- By taxi, appr. 45 min.
- By Airport Express Bus Line 4 (running every 30 min) to Jianxiangqiao Station and take taxi, appr. 45 min
- By Airport Express Metro (running every 10 min) to Sanyuanqiao Station and take taxi, appr. 40 min

### From Beijing Railway Station

- By taxi, approximately 40 min.
- By Bus No. 103 to Shatanlukouxi and take Bus No. 85, drop off at National Stadium Station, approximately 50 min.

### From City Centre

By Metro Line 10 to Beitucheng Station, transfer to Line 8, drop off at Olympic Green Station, approximately 30 min.

### Discounted Travel

You can travel to Intersolar China at a reduced price with a Lufthansa special ticket. Learn more about this option at

→ [www.intersolarchina.com](http://www.intersolarchina.com) → Visitor Service → Travel Services

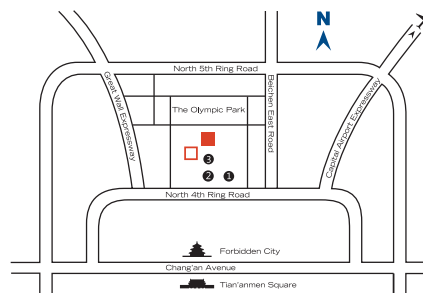

### Visa Information

Please find all information at

→ [www.intersolarchina.com](http://www.intersolarchina.com) → Visitor Service

## | CHINA NATIONAL CONVENTION CENTER

- Intersolar China, China National Convention Center
- Intersolar China Conference, InterContinental Hotel
- 1 – National Stadium (Bird's Nest)
- 2 – China National Aquatics Center (Water Cube)
- 3 – National Indoor Stadium

### Top Exhibition Center

CNCC is China's most versatile international conference venue. 26 km from the Capital Airport, the CNCC is located in the core of the Asian-Olympic Business Center, North Fourth-ring, Beijing. It is well connected with all sight-seeing destinations and business centers, railway stations and Zhong-guancun, the high-tech center.
